

SIDE A

SUNLIGHT THIEF

Don't you know
The nighttime's so long?
I need you so bad
I need you so bad
The shadows
They cling to my skin
The devil must've sent them
They're out to get me
They're out to get me

It's so lonely in the nighttime
Won't you come home to me?

I need your sunlight
(repeat)

Take a look
Take a look at the stars
Take a look at my scars
Aren't they beautiful?
I need you so bad
I need you so bad
Take a look
Take a look at the dark
It matches my heart
Ain't it beautiful?
I need you so bad
I need you so bad

It's so lonely in the nighttime
Won't you come home to me?

I need your sunlight
(repeat)

BORN TO WIN

I was a spark in the dark of the night
A whisper of hope when the world felt tight
They told me stop they told me no
But I was a river I had to flow

Every fall taught me to climb
Every scar rewrote my time

I was born to win born to shine
Through the chaos the stars align
Born to rise born to begin
This is my fight I was born to win

They threw stones I built my throne
With every bruise my power's grown
The harder the storm the louder I sing
I'm the thunder I'm the lightning king

Every doubt became my fire
Every loss pushed me higher

I was born to win born to shine
Through the chaos the stars align
Born to rise born to begin
This is my fight I was born to win

WALKING MAN

Is it over
Should I quit
Is it hopeless
I can't tell
When I look in your eyes
And you're lying again

But I've been waiting for this for so long
And I've been watching the clouds roll in
And I've been waiting for this for so long
And I'm just the walking man

Are you there
Do you exist
Are you a figment
Of my mind
When I look in your eyes
And you're fading away

But I've been waiting for this for so long
And I've been watching the clouds roll in
And I've been waiting for this for so long
And I'm just the walking man

Am I there
Do I exist
Am I a figment
Of your mind
When I look in the mirror
And I'm fading away

But I've been waiting for this for so long
And I've been watching the clouds roll in
And I've been waiting for this for so long
And I'm just the walking man
And I'm just the walking man

A LIGHT IN THE DARK

My days are black and blue
But I'll keep walking through
Until the other side with you

You're my light in the dark
Shining over me
You're my light in the dark
Guiding me
My light in the dark

Oh, no matter where I go
And no matter what I know
It's not the same without you

You're my light in the dark
Shining over me
You're my light in the dark
Guiding me
My light in the dark

WASTELAND

Too tired to live and too young to die
We're all just tryin' to make it out alive
We wear our bruises like a badge of pride
We're all just tryin' to make it out alive

[Chorus]

This wasteland (wasteland)
Such a cold land (cold land)
A wasteland (wasteland)
In our warm hands (warm hands)
This wasteland

[Verse 2]

Where angels fear to tread
We all have demons in our heads
They'd love to see us dead
So now it's us against them
We gotta kill or be killed
So tell me what you're gonna do
'Cause when the clock strikes twelve
It's me or you

[Chorus]

This wasteland (wasteland)
Such a cold land (cold land)
A wasteland (wasteland)
In our warm hands (warm hands)
This wasteland
Time to withstand (withstand)
This wasteland (wasteland)
No more wasteland (wasteland)
A warm sand

SIDE B

WHERE ANGELS FLY

Here in the cold moonlight
Every day a stormy night
Why can't we feel at home
No

And I don't wanna stay
In a world where it's all the same
Every day it's more of the same
We're goin' away

So when I die
Will I go to where the angels fly
And will I see you there

I won't have to call your name
Every night when I feel the pain
And every time I say your name
It's not the same
It's not the same

So when I die
Will I go to where the angels fly
And will I see you there

I hope I see you there

So when I die
I wanna go to where the angels fly
So I can see you there
So wanna see you there
Please will you be there
Cause I Hope I see you there

JUDAS KISS

She was born a month ago
In a candle's glow
I'm a foolish soul
Lived a life that's never right
Could be dead tonight
Just need one more bite

Oh no
Not again
It's Judas with a kiss

Do you believe in all the tales?
Do you buy and sell?
Have you been to Hell?
Have you lived a thousand lives?
Is the end in sight?
Will you make it right?

Oh no
Not again
It's Judas with a kiss
[Bridge]
Oh
I can't believe it
I've been here before
And it's just like the last time
Now I'm coming back for more

Oh no
Not again
It's Judas with a kiss

I'm not a flag you can wave
I'm not a check you can cash
I'm not a medal you can pin on a chest to say you got him back
And I don't want your war
I just want my husband back

I hear the boots coming down the road
I hear the boots marching fast and slow
One more flag on the casket, one more hero coming home
But what does that mean to a fallen soldier's widow

FALLEN SOLDIER

Last letter on the table
Last letter in my hand
I'm thinking I should open it but
Lord, I don't think I can
'Cause it says dear wife
And I think I know what that means
And if it says what I think it says
It'll rip me at the seams

I hear the boots coming down the road
I hear the boots marching fast and slow
One more flag on the casket
one more hero coming home
But what does that mean to a fallen soldier's widow

He was born in the country
But he never drove a tractor
He was raised on the good book
And all the good that it says
And now that he's gone
I can't help but wonder
Was it God or Uncle Sam that wanted him dead

I hear the boots coming down the road
I hear the boots marching fast and slow
One more flag on the casket
one more hero coming home
But what does that mean to a fallen soldier's widow

I'm not a flag you can wave
I'm not a check you can cash
I'm not a medal you can pin on a chest to say you got him back
And I don't want your war
I just want my husband back

MY SUPERHERO

Where have you gone
I've been sittin' here
on the edge of my seat
I was down on my luck
You're my good news
You're the highlight of my day
You're the one thing
that I'm lookin' forward to

[Prechorus]
And I feel you comin'
From a mile away
Like a Sunday morning
Gonna take me away

[Chorus]
My superhero
Where have you been all my life
My superhero
Gonna take me for a ride
My superhero
You know you make me feel alive
My superhero
Where have you been all my life

WARRIOR

Fire in my chest, I won't back down,
Scars on my skin but I wear 'em proud.
Hit the ground hard, I still survive,
Every fall just proves I'm alive.

Try to break me, I won't fold,
I'm unshaken, made of gold.

I'm a warrior, can't take my crown,
Bleeding but I'm standing
I won't bow down.
Through the fire, through the fight,
I'm alive, I'm alive.
I'm a warrior—hear me now.

Chains on my name, I tore them apart,
Pain just ignites the strength in my heart.
Every shadow falls when I ignite,
I was born for this, I was born to fight.

Try to break me, I won't fold,
I'm unshaken, made of gold.

I'm a warrior, can't take my crown,
Bleeding but I'm standing
I won't bow down.
Through the fire, through the fight,
I'm alive, I'm alive.
I'm a warrior—hear me now.

I'm a warrior—
Hear me now, hear me now.
